

# Calendar and Morning Board Printables

On the following pages in this printable you will find printables to use with your child to create a calendar and morning board. The activities are designed to bring additional learning fun to your school time through daily practice of math and other skills.

Print the pages onto cardstock and [laminates them](#) to make them more sturdy for using with your child. {Note: This is how we [laminates more inexpensively](#)}.

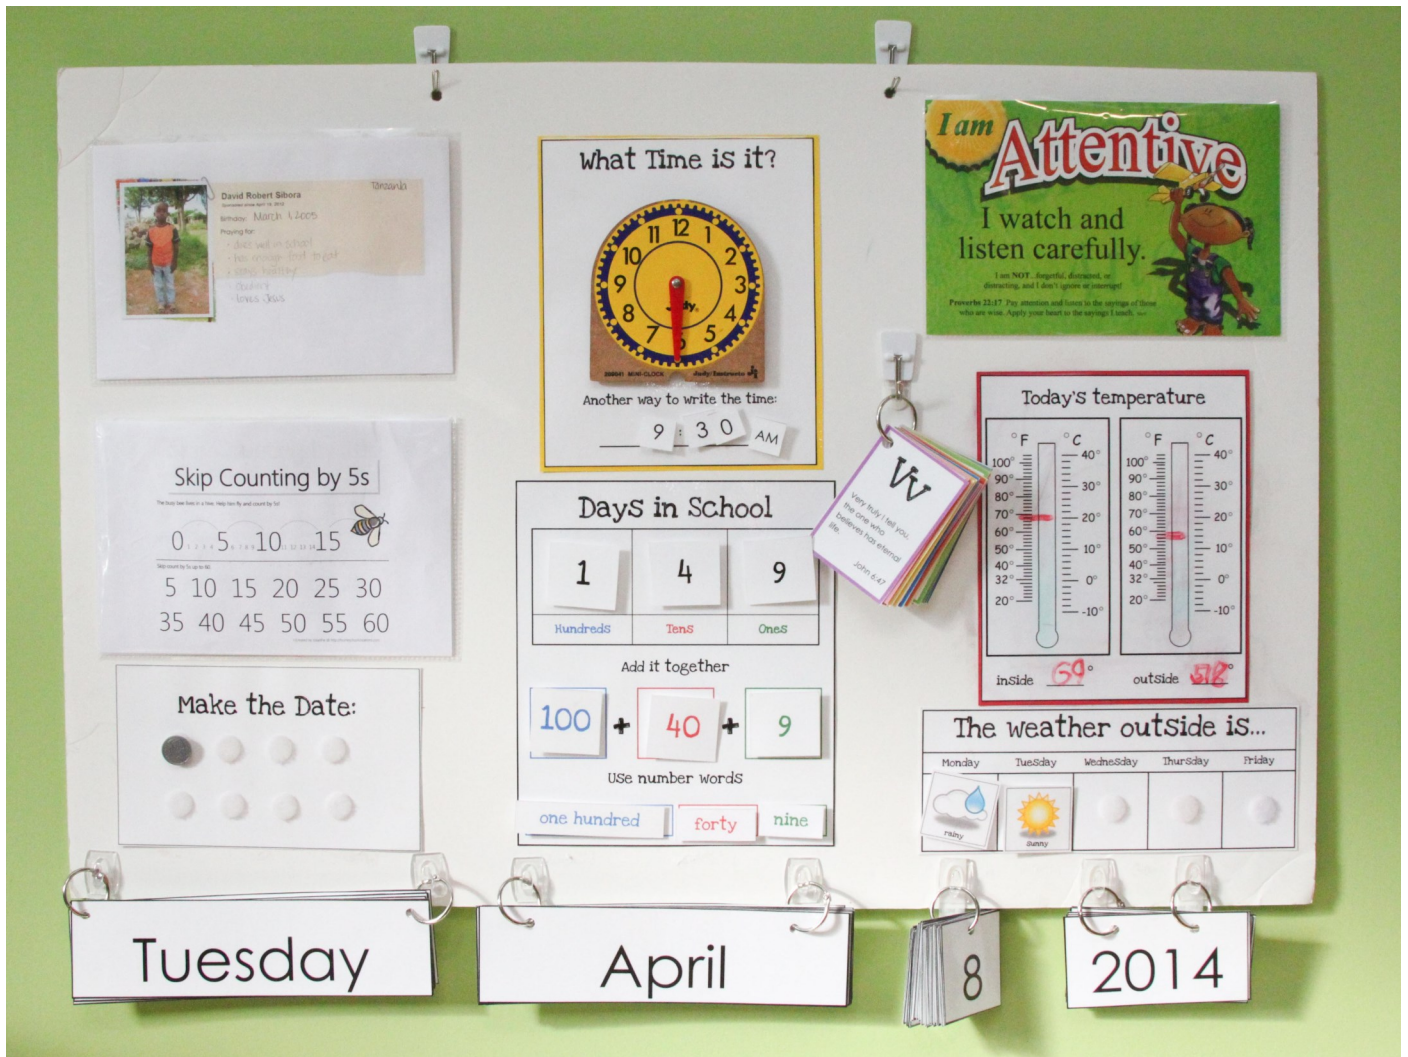

See the full description of our current calendar and morning board with links here:

If you would like to share, please share a link to my blog or to the page that hosts these files. **Please do not link directly to just the PDF files** (the link you are at now). Please feel free to print this pdf file for your own personal use. They were created for private and non-profit use. Please do not sell or host these files anywhere else.

Created by Jolanthe @ [www.homeschoolcreations.net](http://www.homeschoolcreations.net)

Here's a quick peek at how our calendar board is currently put together (from left to right, top to bottom): our Compassion kids prayer cards, What Time is It (with a mini Judy clock velcroed on), our We Choose Virtues cards (in half a page protector), skip counting charts (in half sheet protector and printed half size), Days in School, ABC memory cards on jump ring, Today's Temperature, Make the Date, and the Weather Outside. Hanging from the bottom are the Make the Date cards from Mama Jenn.

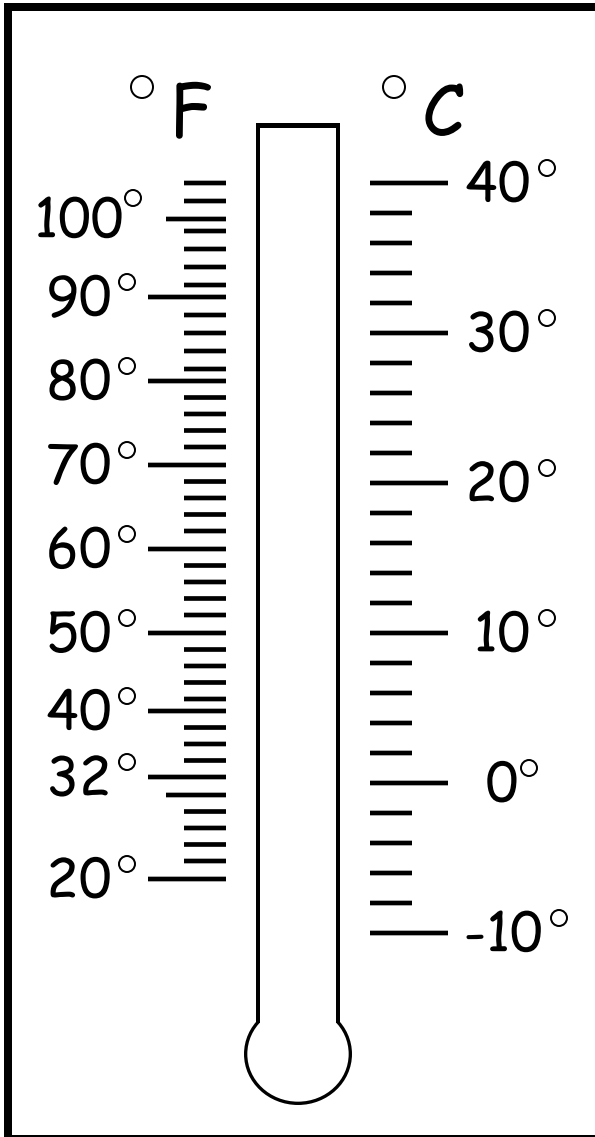

Our pieces are stored on square pieces of laminated cardstock using Velcro to hold them in place. We use play money we purchased on Amazon and store the pieces in a mini storage case from Ikea.

See the full description with links here:

<http://hscreations.net/1sxZ4B2>

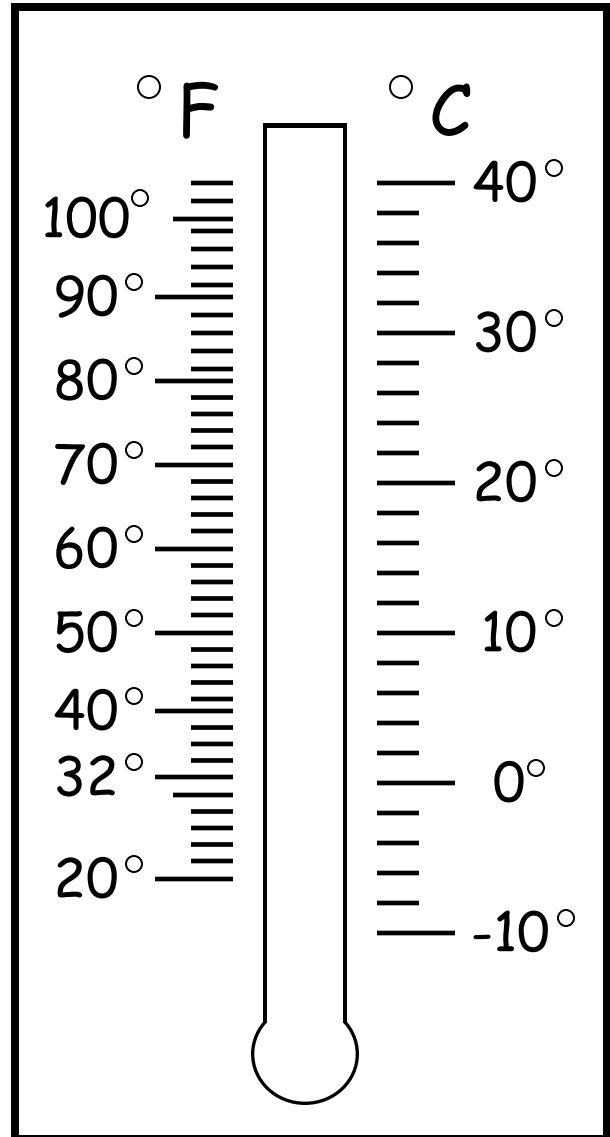

Print the chart below and laminate. Have your child use a dry erase marker to fill in the 'mercury' using a red dry erase marker or Vis-à-vis pen. Write the temperature in the blank below. If you leave in a colder climate, use the thermometers on the following page.

# Today's temperature

inside

\_\_\_\_\_ °

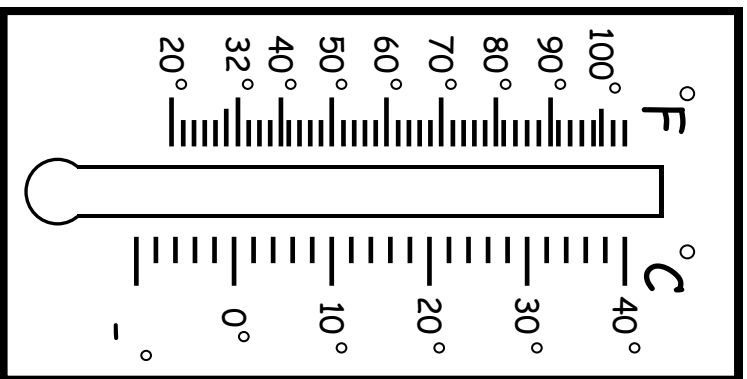

outside

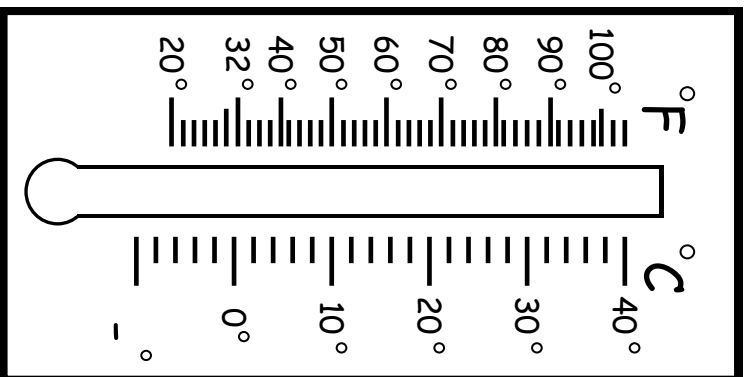

\_\_\_\_\_ °

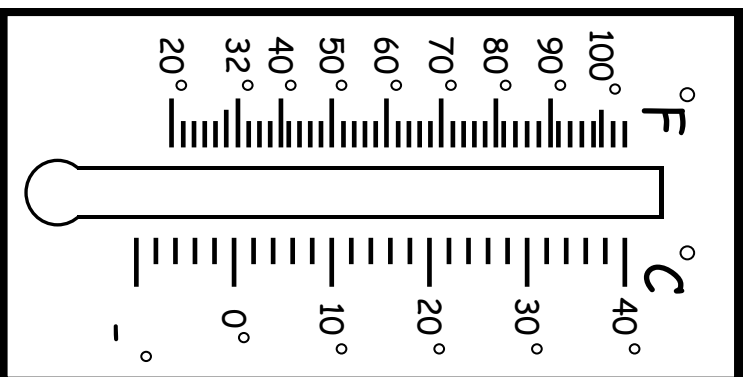

# Temperatures this week...

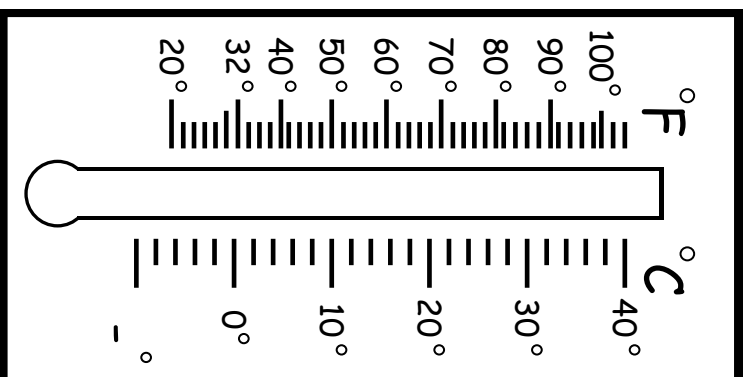

Monday \_\_\_\_\_ °

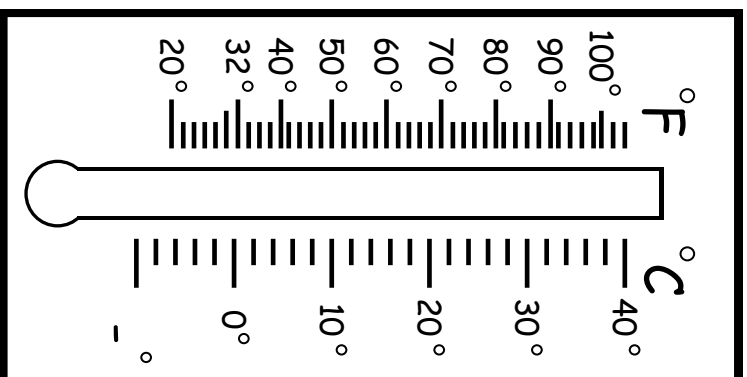

Tuesday \_\_\_\_\_ °

Wednesday \_\_\_\_\_ °

Thursday \_\_\_\_\_ °

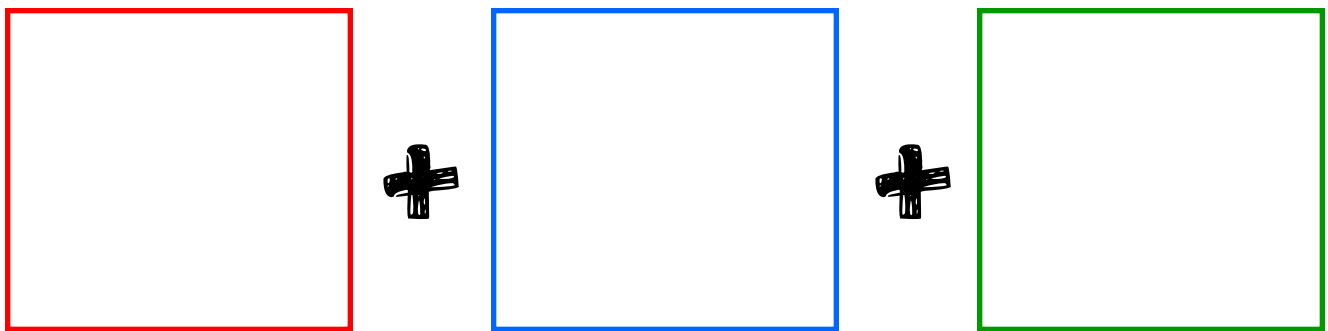

Friday \_\_\_\_\_ °

If you use Math U See, the colors for this calendar board with coordinate the with colors in the program. Use Velcro dots to add/change the numbers on the board. Let your child either write the numbers in for the days of school {top grid} or use the black set of numbers

# Days in School

Hundreds	Tens	Units

Add it together

Use number words

<input type="text"/>	<input type="text"/>	<input type="text"/>
----------------------	----------------------	----------------------

1	2	3	4
5	6	7	8
9	10	20	30
40	50	60	70
80	90	100	200
300	400	500	600

700	800	900	
-----	-----	-----	--

one hundred	ten	one
two hundred	twenty	two
three hundred	thirty	three
four hundred	forty	four
five hundred	fifty	five
six hundred	sixty	six
seven hundred	seventy	seven
eight hundred	eighty	eight
nine hundred	ninety	nine

Use the numbers on this page for the top number spots in "Days in School". Since there only 365 days in a year, the numbers 4 - 9 only have two copies of each number.

1	1	1	2
2	2	3	3
3	4	4	5
5	6	6	7
7	8	8	9
9	0	0	0

## Clock time pieces

Use the numbers below with Velcro to make the time if you would prefer not to use a dry erase or vis-à-vis marker on the What Time is It? board.

1	1	1	2	2	2	3	3
3	4	4	4	5	5	5	6
6	7	7	8	8	9	9	0
0	10	11	12	AM	PM	AM	PM

# What Time is it?

Another way to write the time:

\_\_\_\_\_

Use with your child in practicing both analog and digital time in your morning calendar time. One of the [mini 'Judy' clocks](#) {pictured left} will fit in the blank space and can be attached with Velcro {[available from Amazon](#): clickable link in pdf file}.
